

# Ashley Furniture Story

*"Furniture is our passion and our only business."*

Ron Wanek  
Chairman of the Board  
Ashley Furniture Industries, Inc.

As a young man, Ron's enthusiasm for furniture was inspired by his grandfather and great uncle who built furniture as a hobby. In 1970, Ron Wanek and a group of investors set out to make a difference in the furniture industry by forming Arcadia Furniture Corporation. This upstart furniture manufacturing company - with Ron Wanek primarily responsible for running operations - was in an industry dominated by large companies.

In 1976, the ownership changed and Arcadia Furniture Corporation and Ashley Furniture merged into one company, Ashley Furniture Industries, Inc. The new company could now fully leverage a brand name that had been in existence since 1945. Ron's determination and expertise were the driving force in laying the groundwork for one of the most incredible success stories in the history of the furniture industry.

*"The best thing about being in the home furnishings business is that it allows us to touch people's lives."*

Todd Wanek  
President & CEO  
Ashley Furniture Industries, Inc.

By the mid-1980's, Ron's son, Todd, began to take and interest in Ashley. During high school and college, Todd Wanek worked in all aspects of the business including shipping, production line, machine maintenance, design and finance. After managing Asian operations from 1989-1993, Todd returned to the U.S. in 1994, when Ashley purchased an upholstered furniture manufacturing operation and assumed responsibility for Ashley's upholstery production.

By 1999, Ashley was a major player in almost every product category and one of the best marketers in the furniture industry. Just three years later, Todd Wanek, now widely recognized as the industry's foremost authority on international trade and manufacturing, succeeded his father to become Ashley's Chief Executive Officer... a position he still holds today. Todd's leadership and vision have been responsible for the tremendous growth Ashley has enjoyed since he became CEO in 2002.

## Ashley Furniture HomeStore

At Ashley Furniture HomeStore, we make beautiful home furnishings affordable. Since 1996, we have become the No. 1 selling furniture brand in the world and the No. 1 retailer of furniture and bedding in the United States. Our stores are located throughout the United States, Canada, Mexico, and worldwide, and we are expanding domestically and abroad everyday. There are several factors that have contributed to our success.

First, we are able to deliver quality and value everyday. Our stores sell Ashley Furniture from Ashley Furniture Industries, the largest furniture manufacturer in the world and the #1 selling brand in North America. The Ashley Furniture team includes a full time design group dedicated to creating furniture styles that will complement any decorating style. Ashley Furniture production teams then carefully build each piece, ensuring quality construction and workmanship. The furniture is then carefully shipped to each Ashley Furniture HomeStore location using our own transportation fleet. Because the Ashley Team controls all processes from design to delivery, we are able to reduce our costs and pass these savings on to our customers as Exclusive Ashley Furniture HomeStore Pricing.

Additionally, many of our stores actively participate in charitable events that promote the continued growth, development and enrichment of their communities.

Most significantly, we are committed to you, our customer, and want to ensure you have an excellent experience each time you visit one of our stores or [www.ashleyfurniturehomestore.com](http://www.ashleyfurniturehomestore.com). We understand how important your furniture purchase is, and our store associates are trained and prepared to offer the highest levels of service at each step in your shopping process.

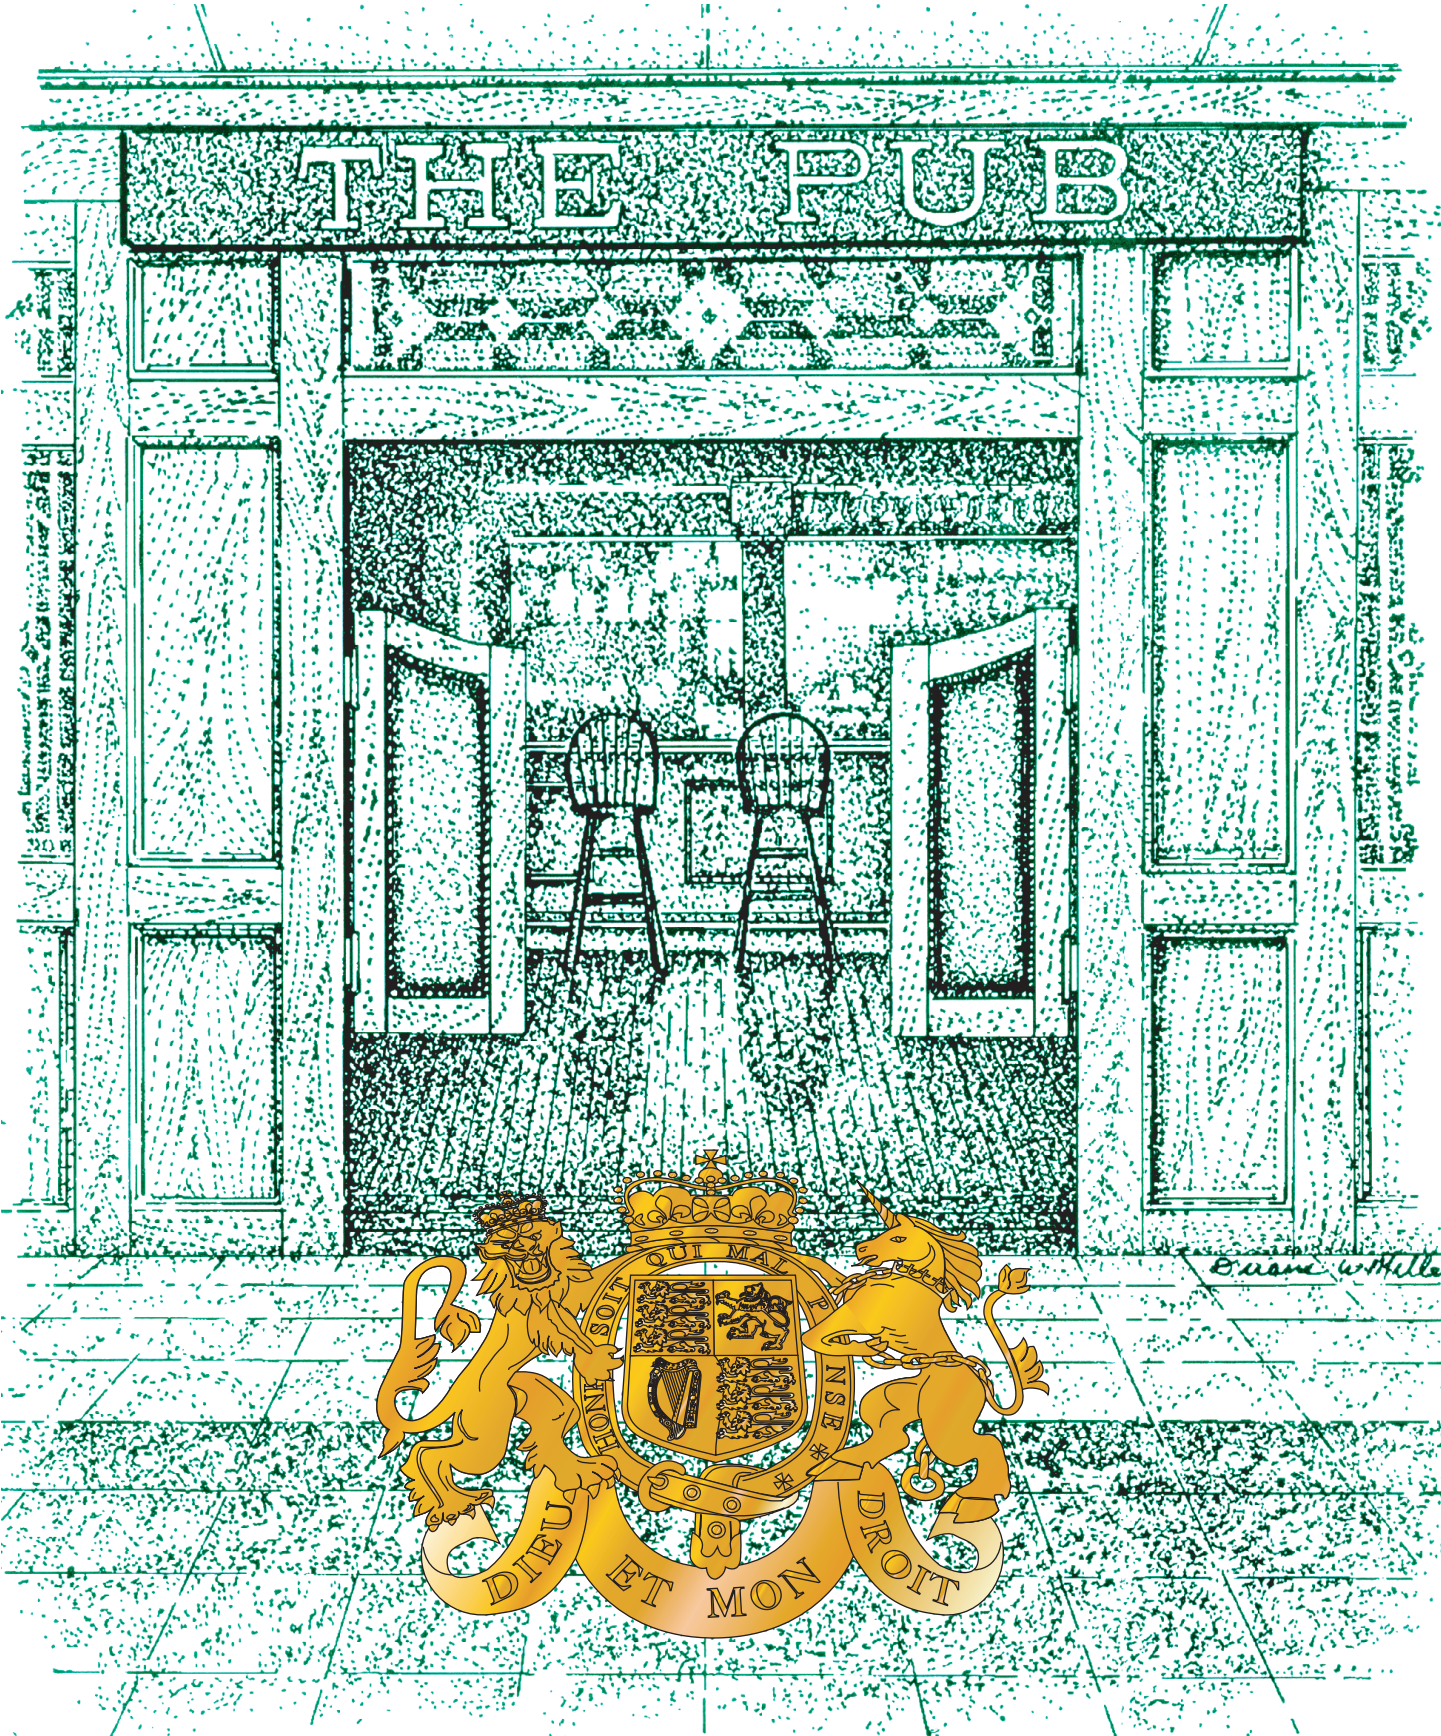

## Ashley Furniture Industries

Founded in 1945 on a belief that furniture could be made a better way, Ashley Furniture Industries (Ashley) is now not only the world's largest manufacturer of home furniture, but the industry leader in offering our consumers value, selection and style. Our corporate offices are located in Arcadia, Wisconsin and Brandon, Florida. We operate manufacturing facilities in Wisconsin, Mississippi, Pennsylvania and California. Ashley also operates international facilities in China and Vietnam.

The company employs state-of-the-art manufacturing equipment (often designed and built by Ashley engineers), proprietary and patented assembly methods, streamline systems, and strict quality control processes every day. We are proud of our American roots, our expanding US operations and our extensive global sourcing network. No other furniture company has invested as much in its facilities or its people as Ashley. In the past five years alone, more than half a billion dollars has been reinvested in company resources, resulting in the most technologically-advanced furniture manufacturing and distribution facilities in the world.

We are also incredibly proud of our thousands of employees worldwide, whose efforts and dedication have helped us continue to improve and grow the company. Effectively managing more than 6000 items in over 22 product categories, we set a pace out of reach by others in the industry. We believe our teamwork, systems, and other measures demonstrate a company whose passion is put into every action.
